Welcome to the Avis Furniture Company. The upholstered and solid wood seating shown in this brochure are just a small portion of the many designs available from our extensive collection of standard and custom products. For fifty years, the Avis Furniture Company has manufactured the finest seating products for the food service and hospitality industries.

The designs shown in this brochure and the construction that remains unseen within the product are the result of years of knowledge and experience in the manufacture of distinctive quality commercial seating. Avis pays attention to the detail of manufacturing an exemplary product. Our visual presentation is excellent and we carry that attention to detail right down to the parts you never see. Avis is so sure of the quality of its finished product, that it offers a lifetime warranty on the frame and seat frame of each upholstered item against material defects and workmanship.

If your design requirements take you beyond that which is shown on these pages, Avis Furniture Company will translate your needs into superbly built custom products. Give us your ideas, be they complete specifications or simple hand sketches. We know how to produce what you need!

For your seating requirements, Avis offers affordability, attention to detail, custom design capabilities and superb customer relations.

All of these things equate to VALUE. At Avis Furniture Company, we create and build value every day.
